

Sapling Class Newsletter

Sapling Superstars

My sapling superstars this week are:

Thea Cooper
Hector Ward

Both children have been incredible this week, pushing themselves to improve! Well done.

Reminders

Tuesday - swimming

Thursday - spelling test

This week in Sapling...

Wow **another** week done already!

This week in Sapling, we have been exploring new concepts in math's. We are working on place value and we have been using different methods for calculation. In History, we continued our work on the Romans. looking at Roman roads and locating them on a map of the United Kingdom.

In Science, we continue to explore the skeleton and the children have written their own skeleton fact files.

We completed our first weekly spelling test and the children tried really hard. Spelling will continue to be a focus for us in class.

The children have all worked very hard again this week and I am very proud of their achievements.

Have a great weekend
Mrs Rillie
