This week...

Wow, I can't believe we are nearly at the end of term already!

What a busy term we have had.

We have explored Roman history and the children have found out many facts about the Roman Invasion of Britain. In DT they have made some fantastic shields and Roman shoes! In science, we have looked at the different joints and muscles in the body. We carried out a fun experiment to show how muscles in the body work.

In computing we set up a class blog where we were able to message each other. This was good fun! The children have loved their swimming sessions at Ribby Hall and the instructors there are very pleased with their progress this term.

I hope you all have a fantastic week off.
