**At this most difficult time I hope that all children, parents and staff are well and coping with the current situation. We are constantly re-assessing the situation and taking the governments advice and directives into account. It is impossible to estimate when our school will return to normal. In the meantime, please keep safe and this pandemic will pass.**

**John Matthews  
Chair of Governors**

My main message is one of thanks – thank you for supporting our decision to keep your children at home and safe. I know for some this has meant adjusting arrangements and inconvenience, but it is reassuring to know that the children are in the right place and being kept safe at home. We are constantly reviewing our capacity to provide care but at the moment there are still too few staff available to work to be able to offer places at Weeton St Michael's.

I hope that you are all enjoying the online learning activities that Mrs Moxham, Mrs Trousdale and the other staff are working hard to plan and upload for you.

Please stay safe and keep well,

*Sarah Hudd*

### FIVE WAYS TO WELLBEING

As a school we have been looking at the 5 ways to wellbeing – I think this is particularly important for the situation we are in now. Personally, I have found the prompts useful to keep my mind focussed: learning new things; staying connected with my own children, family, friends and all of you in a variety of ways; exercising.

Here's a reminder of the 5 areas:

*Connect* with the people around you

*Keep Learning*

*Be Active*

*Take Notice*

*Give*

Headlice...they are still about!!!

While we are all off school please take the opportunity to check and comb your child's hair regularly!!!
