We are delighted that we have started the phased reopening of our wonderful school. Feeling and hearing the presence of children around is fantastic. For those of you who are not able to send your children into school yet, we really appreciate your patience and understanding. Staff and Governors have been working really hard reading, implementing and evaluating all of the guidance sent from local and national authorities to make school the safest environment that it can be.

We will, of course, keep you updated on any further steps that we can take in the coming weeks, before the summer holidays.

School Uniform

From September, you will be able purchase the school uniform from Stich Design, (our uniform provider) via their website. This will be a quicker and easier system for parents to purchase uniform and delivery will be within 2 weeks, which is quicker than the system we have now. School bags, PE bags, ties and water bottles will be available from the office but the main uniform will be only via their website.

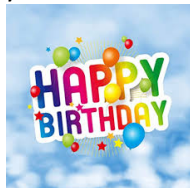

There will be a slight price increase but only 7% on prices. This does include free delivery back to school and a returns policy of 3 months.

Any items ordered in March/April will be available in the next couple of weeks for collection. However they will not be given out until full payment is made. More details will be given out before we break up for Summer.
